HOPKINSVILLE, KENTUCKY, TUESDAY, JANUARY 13, 1880.

A Captain's Story,

"Well its purty hot," answered a lake captain in one of the forry dock lake captain in one of the forry dock sulcons yesterday, "but it Isn't nothing to the snumer of 1836. We had it at least twenty degrees hotter than this right along for six weeks. I was running the Mary Jsne between Chicago and Indialo then, and I have seen the thermometer stand at 130 degrees in the middle of Lake fluron." SURGEON, Office, flopper lllock. Residence,

St. Clair River and the necercy went up to 150 degrees when hauging against the water butt. The boys used up 729 pain leaf funs on one trip that year. On one of our trips down we were hecalined for three days on Lake Huroft. We got it I to my companions, "if I only had an lake the rest of the invention and its use may be rendered more public. When I was but a country lad, running barcfoot, the germ of this invention was conceived. "What," said I to my companions, "if I only had an Office up stairs, Over "City Hank," corner of Main and Russellville atrocts. [1Janly here and no mistake.',

"Purty hot, ch?"
"Well, I'm an eld man, and I den't care to go lying at this day, but I'll tell you a few solernn facts. Every sall on that schoener smoked and amouldered till they fell to pleess on deck and left us under bare peles! Yes, air, we hadn't a rag aleft as big as your hand. That was just at sun rise in the merulus. And in an hour SPRING SESSION rise in the merning, and in an hour we had to wet down docks to prevent them burning. I went down stairs to consult the thermometer, and it lay on the floor all melted into a chunk of glass and tin! Then I began to realize how hot it was and I get Monday, January 12th, 1880,

"What could you do?"
"Welt, not much. We had begun to rig lines ever the lee side, so that all could take to the water, when the top yard sall came down and killed the cook. The links in the chalus had melted right out! I never knew a case like it since, but then the weather has cooled off greatly since 1836. The next scholastic year opens on the first Manday in September, 1879. For catalogues, address ma at Georgetswa, Ey.

J.J. RUCKER, Prin.

"And about the cook?"

"Ah! young man, how little you green reporters knew of the great lakes spread out before your gaze on the maps! Why, the minute we struck the water we begun squirming the company of the property of t Eminence, Ky.: College like so many eels. The lake was red hot. The water would have cooked an egg in four minutes. I was bils-tered from head to heel in no time. some day I will take off my coat and show you my back. The fiesh was actually cooked to a depth of two luches, and icr over two years the dogs used to scent cooked mest when I walked out, and followed me by Banner Livery, Feed and ale Stable, HOPKINSVILLE, - - - KY dezons. Five aurgeous faluted away ln n heap at the sight of my left shoulder, and the only man I could get to dress my back was a butcher under sentence of death." "It must have been terrible. Hew

did you come out of the calm?"
"Well, while I was squirming in the water a white squall struck the scheoner and down sho went. It was all over in a minute, and alr and water were hetter than ever' I struck out fer the Canadian shore, of my artificial eye, vision is the result. ASBAGE and Current Worms destroyed without the use of poison. Vegetable remedies grown arraywhere. Two receipts for 25 cls, and Freut stamp. Scott Miniata, FEMALE COL'ECE.

A Wedding Ring.

| From the Detroit Free Press The other day, when a young man had pulled off two mittens from his hands and stuck one into each pocket, and backed up to the cost stove in a Woodward Avenue jewelry store, ha kept finger rings there. The jewele might just as well have replied that he did not, but that finger rings could

> "We do. What sort of a ring do on want?"

"It is tor a wedding." "Ah! Will you have a single dia ond or n cluster?"

"I 'spose yon'd want two er three dollars for a real dinniond ring?" remarked the lover; as he advanced to the tray.

He was enrefully and tenderly in formed that diamonds had gone up considerably since they were used in his baby rattle box, and then he coneluded to explsin:
"I'm kinder down on all such non

aense as wedding rlags. When a fellow has toget a whole suit of clothes instrument which would bring the image of the object to the proper focal distance. This image, as in the photographer's camera, falling upon a have to get one,"

"About what price?"

"About what price?"

"Oh, nity cents or six shillings, or around there. If it's kinder gilled up to last two weeks, thut'll do. It hadn't orter turn rusty under three or four days, anyhow, as she'll want to show it off on the street cars, and the girls will be handling it. I'll look at the fifty-cent ones first."

The jewcler weat inte a decline. He declined to admit that he ever had such s thing in his store. He further said that he could hardly believe that there was a young man on earth whe would buy a fifty-cent ring to put on the finger of bis bride.

"Do you 'spose," replied the young man es he reached for his mittens, "de you 'spose I'm n John Jacob Astor? Do you 'apose I'm going to sell a hull crop of 'taters to buy n ring for my wife to wear washin' dishes and turnin' the coffe-mill? She's lay in' off now to have me buy her shoes, hot muff, and perfunery after we've married, end do you think I can rush in here and holler out 'diamondsl''

on his hand sud looked out of the window, and as the young man opened the door be halted and continued: "Fifty-cent ringl : Just as if fifty cents wasn't nothing to'rds a bridle tower!"

ADAM'S FALL.

WHAT IT HAS COST HUBBANDS AND FATHERS EVER SINCE.

parti er to order him up of morniugs, and he, therefore played it aloue. All the clethes he had for a long

tune was the close of day, while a mantle of night was his bedelothes. He bad dominion over the fish o the sca, the birds of the 'air, and he also had dee minion over the earth.

The was finally furnished with a we was of A-rib-ia, who was sent to Edou for Adsm's Express Company.

She was bene of his booulu', and if she had been called Nancy she would have been his bone-Nancy.

She was a pratty good cook forb sa

She was a pretty good cook, forb so soon cooked up trouble for Adam, and got him lute het water. When Adam went down to the

office mornings Evo always went to her house-hold duties; but she was to her hoase-hold duties: but she was a tortunate woman in one respect; rangement to get out of this minter? she had no washing to do on Mondey, liow does \$4 and an only gas stove

tro, of Springerville, Favette county, this State, eight miles West of here;

He Couldn't Converse,

They were sitting on the steop together. It was just about 8:47 p. m.
The moon was fleating sereuely across the heavens, which looked like an immense strech of pale sain dipped with diamonds. There wasn't breeze cuough to make the violets nod. The dow fell with its anam. When I got here I went to "It rained this morning, dldu't it,

my pct?"
"It did," she replied, sweetly.
"We've had a great deal of rain lately, haven't we dearest?" he went on as he gave a litch to his suspend-

ers. "We have." "Do you like thin, my little peach?"

"Neltber de I." Then there was another leng pause, end more contemplation of the aforesaid tintype, when the youth again

went en very feebly:
"Does my httle-gold haired gumdrop think it will ralu to-morrow?"
"I think not." "I wonder If it will rain ou nex Thursday?"

Don't knew; but I think it will "Why do you think so?"
"Why, because the skies are cloudy?" rain te-morrow.'

"They are quite bright," he went on with a smile.
"I bey your pardon," she responded good naturedty, "it was one of your ears that I took for a dark cloud." And then the young man who conldn't get up a conversation ab-

No sooner does prosperity beglu

No sooner does prosperity beglu to dawn with rosy light upon the country try than Cupid comes, the little rasent, polsoning the peace of the young folks and making propurations for eating up the new-tound prosperity. The epidemidemic of marriage means long division of bread and meat. The country accumulates an ample stere out of which two people could cat, drink and be merry, and strattway the fates, with the apt aid of Cupid, decree there merry, and strattway the fates, with the apt aid of Cupid, decree there shall be ten people lustead of two. What is all this folly, but as if a man and his wife, having by great toll and self-denial, procured a telerable square meal for two, should straitway go out and invite eight more in to starve. Such at lesst would be the resconing of Milthas, but still the resconing of Milthas, but still the reasoning of Milthus: but still, nevertheless, bless you, children go on in the happy belief that there is hogs and n harrel of cider, and if I don't know what I want i'm not genever a mouth made but there is something made to put in it; for it is decreed that the race of man shall go on accomplishing its destiny. We whe are here not allowed to sit down

and eat at a full table, enjoying the things we have, saying; After us the fleed. The race, as well as the individual, must live and work out its own destiny, the multiplying and replenishing race has to cat the green earth as bare and black and barren as the blasted moon. If, however, it comes to pass that this angumenting race of man shall eat the word to a nently had no plication of mouths is going to lead up of mornings, to Still go on and see what you will come to und, bless you'nll the

same .- American.

Love Lies Dreamlag," when the second story window went up and old Boggs Amelias father struck his bead out and remarked:

"Is there no way of compromising this thing? "What-w-what?" gasped Bilkins.

"I—I think we had belter—belter go, as it were, boys," murmined the mertified Bilkins, and the disgusted band walked sadly off, scornfully ig-uoring Boggs' parting injunctions to reform and lend better lives after the

A Big Thing.

WASHINGTON LETTER.

THE SOUTH KENTUCKIAN

ADVERTISING RATES.

WASHINGTON, Jau. 6, 1680. The capital is execedingly dull, politically, and during the recess we have had nothing to discuss but the Malue difficulty. As the facts relating to the situation in that State between come better known here, much ade miration is expressed for the conjocks, stranger, I had lost his address, nud, by George, I couldn't think of his first name even. And his last name was Johnson. Easy name to hent, th' I was lost. You know that it is to find nuybody he New York when you don't know their address. It is worse that finding an honest nam. Well, this man was a new comer here; aame wasu't in the directory. I asked questions until I made a fool of myself.

"Then I said to the telagraph operator at the St. Nichelas:

"It'll keep you had lost his address, nud courageaus course of Gov. Garcelon and his greenhack conneilmen, while, the hot-headed action of Blainc and company, In cut deavoring to incite mob vlolence, is condemned by all thinking men. I had the Democratic majority who elected Tilden in 1876 adopted such a course of gov. Garcelon and his greenhack conneilmen, while, the hot-headed action of Blainc and company, In cut deavoring to incite mob vlolence, is condemned by all thinking men. I had the Democratic majority when they were counted out.

"It is worse that finding an honest hand the penocratic and three States alolen from them by means of perjury and fergery, whint would have been the condition of fills country? It lood would have flown in the streets of every low if from Maind to Florida. But cooler counsel from the condition of fills country? It lood would have flown in the streets of every low if from Maind to Florida. But cooler counsel from the condition of fills country? It lood would have flown in the streets of every low if from Maind to Florida. But cooler counsel from the condition of fills country? It lood would have flown in the streets of every low if from Maind the Democratic, the condition of fills country. scientous and courageaus course of ever inaugurated in the nation to tako his seat rather than resort to revolution. But there is no comparison between the two eases. There has been no fraud in Malne, except the Republican frauds at the ballot-tiox. The contiling has been done at letty according to law, and with previous precedents and court decisions for a guide in luterpreting the law.

But the most sickening feature of the comment upon the case here is the tulk of John Sherman and the present occupant of the White House. To hear the chief backer and adviser of Madison Wells in New Orleans in 1876, said the man who chiefly hence the chief by that monatrous fraud, prate the chief of the chief. effed by that monetrous fraud, prate about outraging the veters is enough to unke a "nute shed tears. Have said the other day that the "fraud" would fail, because the men to whom Garcelon had "ton certificates would decline to take their seats. Now from what analysis does this thick-ikinned fraud deduce this conclusion? He certainly don't judge others by little. He didn't refuse to take the sent to which another was elected. sent to which another was elected.
The check of this man would paralyze a book agent or a lightning redpeddler.

It is said that m effort will be made in Congress, after the recess, to

abolish the agricultural burean as a separate Department. The Idea is that as new conducted the institution is one of the mest expensive and least useful inxuries the Gevernment has on land. Very little practical benefits as the agricultural industries of fit to the sgricultural ludustries of the country can be set down to the credit of this institution, while its printing hills and other expense items ure enormous. It is proposed to have the work for which this depart-"Esther," at Dallas, Texas, Ahasners was advised by somehody in the audlence net to "put it too int." The personator of the great Assyrian went to the foot likely and to be accomplished by this personator. dence not te "pint it too fat.". The personator of the great Assyrian went to the foot lights and said: "This is a religious show, and you'll have to be decent. I'm Ahasueres just now, but after the show I'm Sam Turner; and if any duffer would like to ent it fat then, I'll give him n mighty live welcome."

Tormed inder the direction of some other Department—the Interior for instance. One of the objects sought to be accomplished by this mevement is to get rid of Le Duc, The common verdet is that Le Duc is a big numburg. For the thare being he hua abandoned his bou-hen plauts and his experiment with bamboo seeds, and since the unveiling of the Thomas Adam was the first man—if he had been a shoo-maker he would have been the last man.

He was placed in the Garden of Eden, and was placed in the Garden of Eden, and was placed that we have warned a personal was placed to the granting his attention to the monument erop. There are the post two menth.

The Rothchilds of Paris have given the impass of much needing the attention of the Agricultural Department with bamboo seeds, and since the unveiling of the Thomas statute has been turning his attention to the monument erop. There are the post two menth. Exposition et 1876. Wandering bitherto. There is a great demand through the United States section of this truly wenderful Exhibition, hyperormament and over displayed at the perormanent and over displayed at the most of it is I was also their the sum of The Crushed Sorenador.
